IMMUNITY

SUPPORTS
RECOVERY

SCIENTIFICALLY
REVIEWED

GOOD
BACTERIA

Fixine[®] is used to maintain body condition and improve immune status among other positive outcomes.

Fixine[®] produces the most benefit when the horse is under stress with gut or intestinal issues.

Fixine[®] helps with:

- Coat, skin and hoof conditioning
- Promoting a healthy gastric system
- Promoting beneficial bacterial flora in the gut
- Recovery from work, injury and stress
- Supports changes in diet or grazing conditions
- Supports stress from long distance travel

FEATURES:

- Suitable for horses and foals
- Blended ready to use
- Supports healthy populations of good bacteria
- Increases nutrient feed conversion
- Maintains coat, skin and hoof condition
- Provides support when the horse is under stress with gut or intestinal issues

USAGE

- Simply blend into dry feed
- Competing and Non Competing Horses: 15-20g per 100kg LWT per horse per day (approx. half a cup for a 500kg horse)
- Under signs of digestive stress feed at double rate

INGREDIENTS:

NZ zeolite in the form of Optimate™
ACVM Registration Number A011800,
CLOSTAT® Bacillus subtilis PB6.

PACK SIZE

5kg | 10kg | 20kg

STORAGE

Always reseal after use. Store in a cool place away from direct sunlight.
Shelf life of 12 months.

CUSTOMER TESTIMONIALS

*"All of our horses are on a daily dose of **Fixine**® and we have noticed improved body condition, healthy coats, increased appetite and better behaviour. I highly recommend **Fixine**® to anyone struggling with weight and other health issues with their horses. It is a very cost effective supplement that improves all round health. If you want your horse to look good and feel even better, **Fixine**® is for you, our horses definitely won't be without it!"*

Tegan Fitzsimon

*"I love **Fixine**® for equine because of the many benefits it has for my horses health; coat condition, weight maintenance, improved immune status and overall gut health."*

Melissa Galloway

*"Since adding **Fixine**® to my horses' diet, I have noticed that we are wasting a lot less feed. Any picky eaters seem to be doing a lot better within themselves which has reduced the need to give them ulcer treatment pastes."*

Nigel Tilley

FixCALM[®]

REDUCING STRESS

ENHANCE PERFORMANCE, REDUCE STRESS

FixCalm[®] is a magnesium proteinate and thiamine (Vitamin B1) supplement for horses.

Thiamine is essential for neural cell metabolism and neurotransmitter production. It is implicated in controlling inflammation and antioxidation, assisting wound healing and promoting calm behaviour.

Magnesium is involved in various essential processes including nerve function, enzyme activation in blood and muscle contraction. Magnesium is often described as the 'chill mineral' as it prevents the stress hormone cortisol from affecting the brain. It can support muscle function and improve recovery rates after hard work. A typical horse stores 60% of its magnesium in the skeleton and 30% in muscle.

FixCalm[®] helps with:

- Promoting calm behaviour
- Assisting with wound healing
- Supporting nerve function
- Improving recovery rates

FEATURES:

- Suitable for horses and foals
- Blended ready to use
- Promotes a strong calming effect
- 100% natural

TYPICAL ANALYSIS

Magnesium Proteinate	90.91g
Thiamine	9.09g

DRYLINE™

Reduce bacteria, ammonia and moisture in bedding in horse stalls

ABOUT DRYLINE™:

- A bedding additive for horses and other livestock
- Absorbs up to 199% of its weight in moisture
- Reduces odour for a safer environment in stalls, trailers and floats
- Starts killing bacteria (including Staph aureus and E. coli) as soon as it is applied and keeps killing beyond 24 hours

DIRECTIONS FOR USE:

Spread 200 to 400 grams per stall/stable

KEEP STALLS CLEAN & DISEASE FREE

Dryline™ for equine can be used as part of a regular process to keep horse stalls clean and disease free, and is also highly effective in larger doses when more moisture or bacteria are present.

INGREDIENTS:

Natural BPM zeolite from New Zealand, Potassium Monopersulfate, Eucalyptus essential oil

Dryline™ kills bacteria such as Staph aureus and E. coli and other gram negative and gram positive bacteria.

PACK SIZE: 20L | 20KG | 1000KG
