

# **HooFix**<sup>TM</sup> FOR EQUINE

UNLOCK OPTIMAL HOOF DEVELOPMENT

STRONG  
GROWTH

PROTECTS  
HOOVES

ESSENTIAL  
MINERALS

**HooFix**<sup>TM</sup> is the ultimate mineral supplement formulated with a precise blend of essential minerals including chelated manganese, chelated copper and zinc, along with vital nutrients like biotin and amino acids and dietary nucleotides.

**APPLE  
FLAVOUR**

## FEATURES:

- Supports new hoof development
- Full of Essential Amino Acids (32%) including Lysine and Methionine
- Helps naturally balance out mineral imbalances in the diet
- 38% Crude Protein and 5% Crude Fat
- 60mg Biotin per dose

**HooFix™** is essential for healthy hooves, skin and hair, especially in horses and ponies with soft or brittle hooves.

With apple flavouring to increase palatability, **HooFix™** supports optimal hoof development for stronger, healthier hooves.

200 DOSES  
PER 5KG BAG

40 DOSES  
PER 1KG BAG

## USAGE

- Feed 25g or one scoop (supplied) per 500kg horse per day. Mix in with wet or dry feed.
- For optimal results use **HooFix™** for at least 4-8 months, as it primarily affects new hoof growth.

## INGREDIENTS:

SCI Protein, Chelated Manganese, Biotin, Zinc Propionate, Beta Glucans, Chelated Copper and Flavouring.

## STORAGE

Store in a dry place.

## PACK SIZE

1kg | 5kg
