# ZORBI FRESH

## ABSORBENT BEDDING CONDITIONER

**ZorbiFresh™** is a dry bedding conditioner for cows, calves, goats, sheep, poultry and swine.

**ZorbiFresh™** absorbs up to 199% of its weight in moisture, soaking up ammonia and nitrates. This prevents ammonia from turning into ammonium and keeping the air fresher for longer, healthier for both animals and workers.

### FEATURES:

- 100% natural
- Absorbs up to 199% of its weight, soaking up ammonia and moisture, leaving bedding drier
- Reduces NH3 concentration for healthier conditions for animals and staff
- Assists in providing the optimum growing environment

100%

## David McDonald

Carpe Diem NZ Ltd, 650 dairy goat farm

*“The shavings usage in the zeolite barn was two thirds the volume of the non **ZorbiFresh** barn to maintain the same appearance and we have very high standards.*

*The ammonia levels have been less in the **ZorbiFresh** barn throughout the period we have been monitoring.”*

# ZORBIFRESH

## INGREDIENTS:

100% Natural Crystalline Aluminosilicates (may contain oxides including silica and aluminium oxide)

## STORAGE

Store in a dry place.

## DIRECTIONS FOR USE:

- Apply 250g to 500g per square meter of animal bedding on a weekly basis
- Regularity of application may need to be altered depending upon animal density and seasonal aspects with drier or wetter periods
- Can be spread mechanically with a fertiliser or ATV spinner at the recommended application rates or manually spread by hand
